Dear Member,

Enclosed you will find a copy of the MCERI (Model Calibration and Efficient Reservoir Imaging ) Mid-term Report for 2004-2005. Please note that our Annual MCERI meeting is set for October 13, 2005 in conjunction with SPE meeting in Dallas, October 9-12, 2005. We have many new exciting developments to present at the meeting. These include a rigorous compressible streamline formulation for black oil and compositional simulation, fast history matching of three-phase flow and improved methods for uncertainty analysis using approximate MCMC schemes. Please note the time and location of the meeting below.

**Date: October 13, 2003**
